ADDITIONAL INFORMATION THAT MAY INFLUENCE AND/OR IMPACT DATA REPORTED:

Although agency service area demographics account for many local traffic stops, travelers (those driving through our area) are not accounted for within the agency service area demographics. Travelers do account for some of the statistical data being reported by the agency racial profiling data. There is no truly accurate measurement of vehicles traveling through this community and the racial data of these drivers available to give a true depiction of the impact to the data reported.

Also unaccounted in this report, is the number of repetitive stops made with the same individuals during the reportable year, thus skewing the data to reflect a higher proportion of stops being made with one race/ethnicity.

This form is produced in accordance with the Texas Code of Criminal Procedure Article 2.134 as required by the Texas Occupation Code Section 1701.164 and the Texas Commission on Law Enforcement. The Agency Service Area Demographics data was derived from available public data sources such as the US Census Bureau and other statistical services available to the reporting agency.
